

## Welcome from the President

Welcome! As President of CAAG this year, I want to welcome you to our website and thank you for your interest in CAAG and the HVACR industry.

I hope you will find this website both interesting and informative.

CAAG is the only association of professional HVACR contractors and suppliers in the State of Georgia and we are extremely proud of our many accomplishments over the years.

Please review the website and if you have any questions or comments please send them to me (mike@waremechanical.com) or to our Executive Director, Bruce Widener (bruce@caag.org). Thanks again for your interest and we look forward to receiving any input you might want to send. I hope you will contact us, if we might assist you in any way.  
Sincerely,

Mike Littlejohn

President  
Conditioned Air Association of Georgia (CAAG)
